A 9-month course supporting teachers and school leaders to build more high-impact instruction into their classrooms. The Kindergarten-Year 2 Masterclass Series works from a robust research and evidence base with concrete techniques educators can use immediately.

The Masterclass Series in High-Impact Instruction creates life-long learning opportunities for teachers and school leaders, that translate research into action, improving outcomes for all students.

Dedicated cohorts for teachers and school leaders of students from Kindy-Year 2 will commence in Term 1, 2025.

Are you looking to accelerate learning for your students?

- » Are you a **teacher** looking to build upon existing effective practices with adjustments and refinements to your instruction?
- » Are you a **leader** seeking to align best practice across your school and see high-quality instruction in every classroom?

Teach Well's Masterclass Series in High-Impact Instruction has achieved this for thousands of educators across Australia.
