

Instructional Coaching Workshop

Have Teach Well come to you with this school-based workshop day! Developed from a robust research base, the Instructional Coaching Workshop supports schools to build coaching processes aligned to their context, implementing a range of mechanisms that support sustainable coaching practices. This is an introductory workshop for teachers, assistant educators and leaders centred around the what, why and how of Instructional Coaching.

Instructional Coaching Workshop

Workshop Details

The Experience

A half- or full-day workshop, delivered on site at your school, that provides an introduction to the what and why of Instructional Coaching.

The course aims to build staff capacity and a culture of reflective practice, while shifting the coaching perspective from evaluation to growth. Participants will explore resources for coaching and PL to support sustainable coaching practices at your school and engage in interactive activities to reflect on coaching processes using videos from real classrooms (with the option of including videos from your school).

Who This Workshop Is For

Schools from across Australia are invited to book the Instructional Coaching Workshop. We work with both primary and secondary schools, and reflect on videos from teachers with students of all ages. This workshop is for whole-school staff days or team days (for teachers, assistant educators and school leaders).

Cost

The cost for a school-based workshop day is \$6,050 (including GST).

Additional travel costs may apply depending on preferred dates and location.

The 'whys' have been answered, the ways to implement have been explained and the possibilities have been made achievable.

-Halls Head Primary School, WA
